SECTION 1

AN OVERVIEW OF [SEVA FOUNDATION DHULE]

ABOUT US

Seva Foundation was a registered, voluntary initiative of a group of social concerned activists and academics with a vision of achieving total liberation and comprehensive empowerment of Farmers by adopting multigrain strategies.

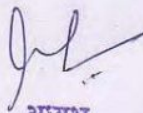

Seva Foundation was a registered under Society Registration Act, 1860 at Charity Commissioner Office Dhule. And its registration number is MAHARASHTRA / 1518 / DHULE Dated 15 / 01 / 1987.

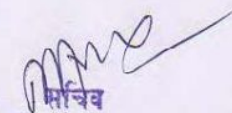

Seva Foundation is committed to develop human potential and the community in the areas of social, economic cultural and self-governance, addressing the livelihood issues and the rights of people, the target community, women, children, Youths, disabled persons and the other unorganized.

Seva Foundation is working in Dhule District. We work on main 8 core pillars that are Agriculture and rural development, Environment, Education, Health, Sports, Art and Culture, Women Empowerment, Youth Development and other related with this like chemicals, consumer awareness, Chemical & Petrochemicals, road safety and others.

Core Strategies

1. Strengthening the members and the Rural SHG, Youth Clubs and Local Development Federation through livelihood programmers.
2. Building volunteers and staff capacities and perspectives to the centralized training programmers.
3. Information and communication by documenting and mutual sharing with community.
4. Networking and campaigning on the thrust areas of the organization for the people's rights
5. Advocating and alliance building for proper governance and influencing policies laws and implementing them through collective action.

ACTIVITIES during Period 2019 / 2020**✓ Education: Skill Development Programs**

Computer and internet technology growing rapidly. And so many opportunities available in the field of Information Technology we decided to start computer literacy and skill development program for backward peoples.

- A computer software training center started in rural area.
- 546 Slums youth trained in Computer literacy and basic hardware.
- 1000+ Students will be provided quality education and practical orientation under a qualified training instructor.

In Next Year Computer project is aimed to literate 213 students. Computer literacy is needed to sharpen and enhance their literacy and interest. These students lack access to computer education for reasons like - they are from rural areas and they are not affordable to pay for the fees and buy course materials.

Our mankind services are:

1. AIDS awareness program
2. Medical assistance scheme
3. Free eye camps
4. Child labor abolition propaganda program
5. Free education scheme
6. Awareness on human rights
7. Environmental camp
8. Vocational training program on computers & tailoring
9. Women harassment awareness program
10. Self-employment
11. Adult education program

F) Typing and Shorthand Training Centre :-

Even in today's world of computerization the use of typing & shorthand is not outdated. Still a lot of work has to be done in the typewriter & shorthand is also necessary requirement for various posts.

So we provide the opportunity for the poor other backward classes students as well as youths to train them in typing & shorthand at our vocational training programs which is otherwise not possible for them to get the training due to their poor economical conditions. Our training period is about 6 months. We have been successfully training the batches which is helping them in their future life.

g) Tailoring & Embroidery Centre :-

This course has been specially taken up for the ladies. Ladies of all categories training in wide range of school going, girls preparing for their degree courses as well as house wife are getting the training under this facilities. We are successfully training each batch in the duration of six months to enable them to earn some money to help their various needs as well as to develop the sense of art & skill of embroidery.

h) Computer Training Centre :-

Everyone should know the knowledge and importance of computer considering this fact we motivate to poor boys & girls again widows and backward peoples . so we provide computer literacy through our computer institute. In this course we forced on DTP , MS-Office program , Accounting tally, I.T. course to make them self employed for the training and practicals of computer education . Organization has also managed separate computer lab with providing computers & accessories , computer books and appointed the eligible teachers staff who teach and give the training to the students. All students are taking more advantages of all facilities in learning the computer training courses which are provided by the organization and guide them to find the jobs from different resources regarding the computer knowledge . Some of them have started their training centres and DTP centres.

I) Women's Literacy Camp :-

In mostly slum areas and nearer villages we have seen that the women's literacy ratio is very large . They even don't know the importance of literacy . We visited them and told the importance so as to tend them to think about literacy and such we motivate them .

In such a way we literate the women's from zopadpatti area's & slum areas like Boradi , Nimzary , Arthe , Rewadi , Karvand , Zendejanjan
